8. Exposure controls and personal protection

Individual Protection Equipment:

Gloves and glasses

Industrial Hygiene:

Avoid spreading the product on the floor

Protection against fire and explosion:

Avoid temperatures higher than 200°C

Organic Coconut Oil RBD
Date: 08/25/2015

9. Physical and chemical properties

Appearance:

Semi-solid

Color:

White

Odor:

Bland

Change of condition:

Melting Point: 24 - 26 ° C

Specific Gravity at 20 ° C: 0,89390 g/cm³

Solubility in Water: Non soluble in water

pH value: 5-8

Flash Point: More than 160 ° C (direct ignition)

Iodine Value: 7-10

Titer Value: 20-24 ° C

Cloud Point: 21-23 ° C

10. Stability and reactivity

No data available

11. Toxicological information

Not a toxic product

12. Ecological information

Product is easily biodegradable

13. Disposal considerations

May be recycled as secondary light lubricant

14. Transport information

Product is not classified as a dangerous product and is safe for transport by sea and air

15. Regulatory information

Organic Coconut Oil RBD
Date: 08/25/2015

Federal and State Regulations: Community Right-to-know

Other Regulations: Not available

Other Classifications:
